Read this from Gen. J. T. Wilder, of Chattanooga, Tennessee:  
GENTS—Your Hart's Great Relief is the best thing I ever saw for the purposes for which it is recommended. I had the Lumbago, and was in such intense pain that I thought I should die before the physician arrived. I tried Hart's Relief and in five minutes I was entirely free from pain. We would be without almost anything in our family now rather than Hart's Relief.  
Yours truly,  
J. T. WILDER.

**A Pleasant Time.**  
The young folks of the 12th District in this county had a gay party at Mr. C. Webb's on last Tuesday night, the 13th inst. The Grassy Valley String Band was in attendance, and discoursed sweet music for the party, and although dancing was not in the programme, they enjoyed themselves finely until about 4 o'clock in the morning, feeling both even then to depart. At 11 o'clock, an abundance of refreshments was handed around, after which the party passed off the remainder of the night in various games. Taking it altogether, it was a very pleasant occasion—one that will be long remembered by all who participated.

## RELIGION IN THE HIGHWAYS AND BYWAYS.

Mabry Street M. E. Church, South.

NUMBER XVII.  
This church is a new organization under the pastoral care of Rev. J. R. Payne, City Missionary of the Methodist Episcopal Church, South.

He entered upon his labors in November, 1872, and preached during the winter part of the time at Temperance Hall, where 15 members were gathered into the church.  
The object being to organize and establish a new pastoral charge, and the Hall being used at times by other churches, and by the Sons of Temperance, a more suitable location was sought for in East Knoxville.

The Second Quarterly Conference of Church Street Station and of the City Mission resolved to secure a house on Mabry street. A small house owned by J. W. Morrow was proffered for the use of the church and Sunday school until arrangements for building a suitable church house could be made. In March last this house was prepared and the Sunday school and church organization moved from Temperance Hall March 23d, 1873.

This charge is associated the present year with Church Street Station in Quarterly Conference, and has up to this time only two official members among its laymen, Mr. A. E. Householder Exhorter and Class Leader, and Mr. Jonathan Mills, Steward. The complete official board will be elected at the Fourth Quarterly Conference of the present year.

**THE SUNDAY SCHOOL.**  
On the fourth Sabbath in March a Sunday School was commenced in this church of about 20 scholars. The increase has been quite rapid. It now numbers 103 scholars and 8 officers and teachers. Mr. A. E. Householder is the efficient Superintendent. The school uses the uniform lessons provided by the church.

**THE REVIVAL.**  
On the return of the pastor from the District Conference at Dandridge, a protracted meeting was commenced and continued three meetings, which resulted in eighteen conversions and twenty added to the church. The Society now numbers thirty-two with ten or twelve applicants for membership to be received at the next Sabbath services.

**A NEW HOUSE OF WORSHIP TO BE BUILT.**  
The present chapel is capable of seating only about 100 persons, but it is the intention of the members to proceed at once in securing a lot and erecting a comfortable and commodious house of worship. Most of the people in this part of the city are prevented from attending religious services in the city churches by reason of the distance. Some of the members of this church are workmen in the Railroad shops and in other industries of the city and have families that they desire to take with them to the worship of God. To do this it is necessary that the place of worship should be convenient. In view of this necessity the ladies of the Mabry street church have organized a sewing society to aid in raising the means for building a chapel. They do not expect to do much but are determined to do what they can with their own hands, hoping that the Lord will raise up friends who are able and willing to aid them in this good work.

## IMPORTANT NOTICE TO TAX-PAYERS.

Assessor's Office Open up to 10 o'clock Every Night.  
Having completed the circulation of the assessment schedules, I will open my office to receive reports on to-morrow (Monday, the 19th inst.), at 8 o'clock, A. M., and will continue to receive reports up to the last day of this month. My office hours will be from 8 A. M. to 12 M., and from 2 P. M. to 6 P. M., and for the special benefit of mechanics and laboring men, I will also keep my office open every night from 8 to 10 P. M.

I would respectfully call attention to the following section of the new law:  
"SEC. 34. In all cases where any person, company, firm or corporation shall fail, neglect or refuse to return to the assessor the schedule of property for taxation, the assessor shall make such an assessment in each case, from the best information he can obtain, and shall add twenty-five per cent. to the value of the property."  
I will with pleasure give all the assistance in my power to any one in making out their report, and trust that the people will come up promptly, and save themselves an additional expense. Truly hoping that I will not have to enforce the above section in a single instance,  
I am, respectfully,  
JULIUS OCHS, J. P.

## Local Miscellany.

Workmen are engaged in building a culvert from First Creek up to the corner of Crozier and Main streets.

The colored man who stole the pick out of Mr. Compton's yard, on Main street, had better return it, as he is known.  
A boy about twelve years old stepped through a small opening in the platform leading from Gay street to the freight depot, yesterday evening, and hurt one of his feet considerably. From the way he walked, we think he would have felt grateful for the loan of a crutch.

Messrs. Lloyd & McConnell are having the entire front of their place of business newly painted, giving it a neat appearance. Their sign is also being painted.

Ricard is making Graham bread at his bakery on Main street, which is highly recommended for invalids.

Niagara Fire Company, during the past year, paid out \$140 benefits to indigent and sick members. This shows a spirit of liberality and benevolence, as the membership numbers only thirty-six.

**Thursday, 22d Instant, at Early Candle Light.**  
The festival arranged by the ladies of Broad street, assisted by the ladies and gentlemen of Church Street M. E. Church, South, will open the doors of Col. Branner's spacious storerooms, on Gay street, for the entertainment of guests expected on the occasion. This festival will afford an opportunity for the citizens of Knoxville proper to cultivate an acquaintance with many of the best citizens of North Knoxville not heretofore enjoyed. Will not all the people avail themselves of the opportunity, especially as the object of the festival is to raise money to pay off a debt resting upon the beautiful church house on Broad street.

**River News.**  
There were no arrivals at the levee yesterday, with the exception of some wood boats, and the last boat having unloaded yesterday, the wharf presented a rather quiet appearance.

New Books just received at O. B. SMITH & Co.'s.

## A Jubilee During the Fair.

A timely notice is intended to be given to Sabbath schools that a grand jubilee of Sunday school scholars is to be held one day during the fair next October.  
We understand a premium of a fine cabinet organ or a choice library of books will be offered for the best drilled Sunday school singers. The matter has not yet assumed a definite shape, and we are not authorized to say in what form the premium will be offered, but it will probably be open to all Sabbath schools in East Tennessee outside of the city of Knoxville. If any premium is offered for the city schools it will be a separate one. The object is to have a grand jubilee of the Sunday schools of East Tennessee. We hope to have a notice in this paper and prepare for the occasion. It seems to us it would be a new feature to our fair and one that would be highly appreciated by all classes. Let the musical talent of East Tennessee be encouraged, especially Sunday School singing. We make the suggestion to the officers of the fair and hope they will make arrangements to give one day of the fair for a grand musical festival.

## Accidental Shooting.

Yesterday afternoon, Mr. A. Eberts, who repairs guns, pistols, &c., in Mr. T. A. Burrier's shop, on Market Square, obtained a slight accident, which might have proved a very serious matter. He was working on a small pocket pistol handed to him for repairs by a young man, and had just put in a new main spring, when, in making a test of the power of the spring, the weapon was discharged, the ball passing through the fleshy part of his left finger and coming out near the knuckle. Dr. Knudsen, being near, dressed the wound, which, although painful at present, will have no other effect than the loss of a few days of labor. Mr. Eberts, we are told, is usually very careful, but being in a great hurry yesterday evening, he neglected his usual precautionary examination. The result might have been worse.

## Should be Seen To.

Parties on Main street, near First Creek, complain about the condition of the spring near the bridge. We are told that all kind of filth is daily thrown in the water by boys, and that the spring is fairly used as a wash basin every morning by quite a number of little dirty urchins. That even filthier practices, than the above named are occasionally reported. Some steps should be taken by those in authority to put a stop to the nuisance.
